Synopsis

The new edition of Spirituality in Nursing explores the relationship between spirituality and the practice of nursing from a variety of perspectives, including: nursing assessment of patients' spiritual needs, the nurse's role in the provision of spiritual care; the spiritual nature of the nurse-patient relationship; the spiritual history of the nursing profession; and contemporary interest in spirituality within the nursing profession. This updated Third Edition includes a new chapter on spiritual well being, quality of life at end of life, and stories from patients.

Customer Reviews

Sister Mary Elizabeth O'Brien does an excellent job of demonstrating Spirituality in Nursing. I was so impressed, I began using her book as the basis for my Master's Thesis.

The information in this book has been well researched and nicely presented. Although I initiallly bought the book as required for my BSN program, I will be sure to use it again and again.

The book was in great condition, and the seller shipped the book on the promised date. I was pleased with the service.

Most confusing book I have ever read and very difficult to follow. Nothing but an endless list of

quotations. It is torturing to read. I would have not choose this book if I had a choice.

I had a last minute need for a book I wasn't aware of. The book is perfect and came the next day. Great.

I got my books in a timely manor and the book was just like new.

The book was in grat condition

ok
