Customer Reviews

The quality and impact of the best of Salgado's work is amazing, placing him alongside such photography legends as W. Eugene Smith. This collection of 16 large matte black and white prints is stellar, to put it mildly. It comes in a presentation box and is an incredible value that will almost certainly increase over the years. You seldom see portfolios like this.

Amazing set, the pictures are printed on beautiful matte paper, and the box is good for storage of the prints, if u do not want to frame them. To get 16 amazing prints like these for this price is beyond belief. Definitely recommended to any one who loves Salgado's works. My only complain is that it is only 16 prints.

I bought the book 'Genesis' when it was first published and still enjoy looking through it and enjoying Salgado's magnificent photographs. Even if you're not familiar with the book I urge you to buy these high quality prints while the price is right. A true keepsake.

What a wonderful idea! An ultra-affordable portfolio of Salgado's work. If more photographers would do something like this, they would help create a climate of appreciation of their art. Bravo Salgado, Bravo Taschen

Beautiful prints, I highly recommend it !

I love this photographer, and cannot afford all of his prints or books, was very happy to receive this book of prints at such a reasonable cost, and plan to have several framed. High quality print stock also. My husband was very pleased when he saw what I had ordered.

Highly enjoyable collection of photographs, portfolio box is OK. I bought this instead of the book with the same title because the book layout cut every photograph in the gutter area of the spine. The quality is very good and the price is very attractive.

The gift is great quality. Each photograph arrived in perfect condition. Others thought this was incredibly expensive. Very pleased with this product!
