Customer Reviews

Scott's book is a comprehensive guide to Restaurant Insurance. There were so many examples of things that could happen that I never even thought of or would consider myself liable for. I work with a lot of restaurants and this is very helpful - especially the checklists, the answers to the most pressing questions and the changes to the laws! It is an easy and must read for anyone in the restaurant industry!

The Ultimate Guide to Business Insurance - Restaurant Edition was very informative. The checklists and the employment practice liability section are very helpful. I have passed on information gleamed from the book to many of my restaurant clients. I highly recommend this book to anyone that owns a restaurant.

Every part is clearly explained. I just started working as a clerk for a Business Insurance company, had no business insurance background, and I didn't have difficulty understanding the terms and definitions. It's as good as reading a novel. As a working wife and mom, it's my first time to finish reading a book this fast. Thanks to the author for sharing your knowledge. I've learned a lot!!!!
