Language: English

ISBN-10: 1871890217

ISBN-13: 978-1871890211

Product Dimensions: 3.8 x 0.4 x 7.9 inches

Shipping Weight: 5.6 ounces (View shipping rates and policies)

Average Customer Review: 3.5 out of 5 stars [See all reviews](#) (2 customer reviews)

Best Sellers Rank: #1,155,387 in Books (See Top 100 in Books) #86 in [Books > Sports & Outdoors > Nature Travel > Adventure > Skiing](#) #224 in [Books > Sports & Outdoors > Outdoor Recreation > Skiing](#) #1047 in [Books > Sports & Outdoors > Winter Sports](#)

## Customer Reviews

Based on the route-descriptions, the previous reviewer appears to refer only to the summer walker's section of this book (you certainly won't be taking the avalanche-prone summer route from the La Breya lift in the course of a ski-mountaineering Haute-Route). However, the positive assessment extends to the ski section, as well. This is a wonderful guide to one of the great alpine ski tours, including details critical to route-finding over complex, glaciated terrain in possibly poor visibility. Recognizing that choice of ski-mountaineering routes is extremely conditions & skills dependent, the book includes information on the true classic route--including the brilliant but technical Plateau du Couloir & the tiresome, plodding Otemma glacier--as well as several typical &/or desirable variations like Verbier & Grand Lui. Cliff's guide contains some route photos & stylized maps that are useful for generalized visualization of route segments. I would have preferred that he include a map of the complete route, but it isn't really necessary because you absolutely will need to purchase at least some of the recommended topo maps. Pick the 1:50,000 ski topos; they include major ski route lines & are frequently updated by the efficient Swiss government. The smaller-scale 1:25,000 maps are beautiful, but do not show routes; also, you would have to purchase so many of them that they are not practical. The author includes interesting asides about the history of the route & adjacent areas. The accomplishments of early Haute Route ski-pioneers are truly astounding, given the rudimentary nature of their gear & clothing.
