Extremely Pale Ros  : A Very French Adventure

Synopsis

Extremely Pale Ros   follows Jamie Ivey's charming journey as he, his wife, Tanya, and their hilariously debauched friend, Peter, travel the south of France in search of the palest of ros  s. Far from the plonk he's used to, Jamie finds something fantastic about a cool, pale ros   on a hot day. Due to a translation mishap, Jamie is taunted by a local vintner that there is no paler ros   than hers and embarks on a quest to find one. Setting off on a ramshackle tour of France in search of the elusive bottle that meets the standards set, they visit main ros   producing areas and through eccentric locals discover much the regions have to offer. With wit, candor, and wonderful storytelling, Jamie Ivey maintains a tradition of excellence in food and travel writing. Readers are left with dreams of France, summer days, baguettes, and--extremely pale ros  .

Customer Reviews

Extremely Pale Ros   is a wonderful book for anyone who loves Provence or for anyone who wants to learn more about this special part of France. I'm one of the former and reading this book made me wish I was back there right now. Jamie's writing style is easy to read and the story holds your interest. There's lots of good, accurate information and you really feel you get to know Jamie, Tanya and Peter as you go along for the ride on their quest. Once you open this book and start reading, it's easy to forget the world around you. So, pour yourself a nice chilled glass of Provencal ros   and lose yourself in this fabulous book.

i tell you, this book was the surprise hit of the summer for me. i picked it up as i like travel and drink

and liked the premise of the challenge in the story. i thought it'd be a gentle read that i'd dip in and out of, but i found i couldn't put it down. you get really involved in the characters as they search through france on their quest. before you know it you've found out a great deal about wine, france, how comic/kind/annoying/helpful the french can be. i didn't expect it to be as amusing as it is - from beginning to end, it kept me chuckling to myself. it was beautifully written and i think anyone who's ever dreamt of searching for a better and more uplifting alternative to their daily drudge should give it a go. uplifting! more please, mr ivey!

This book is a dream come true for a francophile and oenophile. The author is extremely witty. His descriptions of the characters he meets are hilarious. We are treated to a summer holiday story that starts as a lark. Jamie, his wife and his friend, Peter are scouring French vineyards for the palest rose in France. We learn an astounding amount about French terroir and wine-making in France. We learn about French mores & we see Jamie and Tanya falling in love with Provence. It is a charming travel tale that has a great deal of suspense as we wonder if they will meet the deadline & find the palest rose before harvest. The second story is that Jamie and Tanya are disenchanted with their life in London & yearn to find a way to make a living in Provence. One does not want the book to end and knowing that there are 3 more sequels is a great consolation. I loved these people and their story!

EXTREMELY PALE ROSE: A VERY FRENCH ADVENTURE will appeal to any who love France and French food and travel. It recounts the author's journey as he and his family travel the south of France in quest of rose wines. Rose is commonly viewed as a poor man's wine, but the paler it gets the more the Brits relish it and the more the French scoff. A translation problem sends Jamie on a quest for the palest rose in France, and their visits to wineries, rose-producing regions and local byways provide a lively, fun story of a hilarious quest. Diane C. Donovan California Bookwatch

What a delightful read for a Francophile. One gets a marvelous sense of the country, its ordinary (and extraordinary) people and how they live their lives. Really didn't want it to end and the good news is there's a sequel: *La Vie en Rose* and a delightful website. So it really doesn't have to end.

A fun combination of travel memoir and wine guide, with quirky main characters and a beautiful backdrop of France. Lovely summer vacation read for anyone who loves wine or France.

Having been to many of the locations where they were searching for the RosÃ, it brought back many memories. In addition, it mentioned many RosÃs to try.

Extremely Pale Rose was good. I liked this story. It kept me turning pages to see if they would find the palest rose.
