Underwater Puppies

Synopsis

New York Times bestselling author and photographer Seth Casteel's follow-up to the phenomenal *Underwater Dogs* -- now with puppies. The world fell in love with swimming canines in Seth Casteel's first book, *Underwater Dogs*. Now, in more than 80 previously unpublished portraits of underwater puppies, we see man's best friends at their most playful and exuberant. Each vibrant and colorful underwater image shows off the wild and sublime range of emotions of puppies, cute and irresistible to the very last.

Customer Reviews

This book is fantastic! What more could you want than over a hundred pages of puppies underwater? The introduction talks about how puppies are natural swimmers, and the importance of teaching swim safety to them. It also talks about the importance of adopting a rescue dog; many of the puppies photographed in this book are rescues. Then, it's picture after picture of adorabile puppies, making this a perfect coffee table book. And just in case anyone is concerned about throwing puppies in water (I've read and responded to quite a few of those comments on social media), let me say that in the interest of full disclosure, I'm the owner of one of the puppies that made it into the book. Seth was amazing at introducing our then 11 week old into the water, and he had so much fun swimming that he kept going in and in and in.

If you are looking for an outstanding gift for a dog lover, these books are the ticket. You'll get smiles

and even tears (if the lover is more of and obsessed with dogs person, don't ask me how I know) when you give these as gifts. The quality of the pictures and printing is outstanding, there are many different breeds and it's a great coffee table conversation piece as well.

The pictures of the dogs are grotesque and not at all cute--they all look like monsters. I would never purchase this book for myself, because EW! However, this book (along with the Underwater Puppies 2015 Wall Calendar and Underwater Dogs book) was purchased as a gift and the recipient was so happy to receive it. It makes for a funny conversation piece as all the dogs are super ugly and funny-looking.

Another incredibly cute book with dogs underwater. I bought the "Underwater Dogs" book for my mom for xmas and this was a great addition to the collection. But really, when do pictures of dogs ever get old.

Outstanding! What a fabulous book. Seth Casteel does it again, creating a magical and wonderful book capturing the real essence of dogs. Animal advocate, artist, and just a great guy when it comes to helping animals in need. I am a BIG fan!

Very cool. If you love dogs and puppies you will love this book which contains a number of incredible and awesome underwater shots of little canine pups. The underwater shots give you a new and creative perspective from which to see these pups!

I was hoping to love this book because of all the great reviews, but I was just not in love with it. I didn't find the photos of the dogs that cute or that funny so I ended up returning it. I had purchased it for a friend who loves dogs, but decided to go with another option. There are head shots of all the dogs in the back with their names, which is cute. The quality of the book is good. The photos are really large on glossy paper and the color is very vibrant. The book is hardcover and comes with a paper sleeve that goes over it (this ended up getting crinkled on the edges during shipping) but some people throw those away anyway. I showed my roommate the book and she thought it was cute, so maybe it's just me that doesn't love it!

If you love puppies, and if you don't you wouldn't be reading this review anyway, you are bound to love this book. Puppies are precious in their natural environment and likewise underwater.

AWWWWWWW!!!
