Customer Reviews

This is a reference work not worth the paper it's written on. It is made like an exercise book and has a limited amount of words. Don't waste your time or money and invest instead in a proper reference dictionary. This one is for someone who only wants a very basic reference tool.

This is notebook size and fits in a 3-ring binder without taking up much space. Easy to read, easy to carry, and has all the basic info for Spanish students to learn and study. Inexpensive also which is a big bonus! Muy bueno!

This is just what my daughter needed for her school supply list and I could not even find it in the store Staples! Crazy! Thank you sooooo much!!! :)

This was just what I was looking for! My daughter is taking her first year of Spanish in high school,

and most of the dictionaries we found in stores were small and very thick which would be difficult to carry with her other books. I love that this dictionary just fits perfectly into her Spanish binder.

This was very useful to have. It makes Spanish understandable for children and adults. This has been used a lot in my home.
