## Customer Reviews

This is a great book that contains many wonderful photographs of Shelburne Falls, MA. This is home to the famous bridge of flowers, among other wonderful sights. The photographer has captured the serenity of small town life in New England, and has coupled the photos with inspiring quotations that just seem to fit. I highly recommend picking up a copy!  
Pros:-BEAUTIFUL photos-Interesting and fun quotations-Attractive presentation  
Cons:- While the photographs come through clearly despite being printed on standard paper, I wish that the pages were glossy so that I could thumb through without worrying about smudging the white pages.

This is a gem of a book. It is lovely and accessible, with photographs on every page -- images that

are full of heart and soul that capture an experience of living in this village referred to often as "Brigadoon". The light, colors, landscape, and architecture showcased are underpinnings to who we are and how we evolved as a small rural village. It is a treat that Phil Billitz decided to feature the village in this beautiful book. Favorite things about the book beyond the gorgeous photos, are that there is a three-page snapshot of town facts, that the author tells us that he took the images with his phone camera, and the inclusion of diverse, pithy quotes. I also love that it is easy to pick up and bring home with you, whether living in Shelburne Falls or just passing through. (You will probably be back!) I have always been from here, and decided that I needed a copy too!

Phil Billitz moved to Shelburne Falls at just about the same time that I did. His new book, *The Jewel in New England*, shows in radiant picture and inspirational word, the world that he and I have grown to know and to love. Billitz uses a simple phone camera and produces visions, true to color and form, of our small town at its best. When you enter the book, because it is not just a book but a place hidden between the covers, you will feel like you have stepped into a living and breathing work of art. The quotations Phil chose to match up with the photographs do not distract from the photographs but complement the art. Here is one of my favorites quotes. It speaks to Phil's own imagination and to this dear and beautiful village. "I may not have gone where I intended to go, but I think I have ended up where I needed to be." ~ Douglas Adams

I just purchased "A Jewel in New England" and have found it to indeed be a jewel of a book. Through superb photography and well chosen quotations the author has crafted a very pleasing portrait of Small Town New England. There are no bustling Boston street scenes here...the message is quiet tranquility and simple beauty. I've never been to the American Northeast, but this publication makes me want to visit!
