If you are thinking of spending thousands of dollars on a trip to Disney...do yourself a favor and get

this book. If it is your first visit you **MUST** have this book. Even if you have been to Disney before -this book covers everything you need to know and things you didn't know you needed to know to plan an amazing trip. Josh and Dave are experts who visit the Disney parks, Disney restaurants, and Disney resorts on a very regular basis to provide you with accurate and useful information. And they cover every aspect of your trip in this comprehensive guide, from when to go, where to stay, what to do and where to eat **AND** how to use the new Fast Pass system! Reading this book will set you apart from the confused and grouchy parents standing in an hour long line with crying disappointed children. I discovered an older edition of this book several years ago and it made our family trip amazing. We rarely waited in line more than a few minutes and we got to do so many little extras that I had no idea even existed at Disney, My kids had the best time and still talk about it years later. This new edition has all new updated information and the kindle version (free when you buy the book) will get updates throughout the year as information changes. What other book does that!

I am a WDW nerd. Certifiable. I have so many books about Disney that I could open my own store. However, since I bought the first version these guys released a few years ago, I've stopped buying any others and only buy the newest version of this one. Seriously. You will not find any more comprehensive, easy to read, and user-friendly book about a trip to Disney World than this one. Combine this resource with the websites of the authors, you have no excuse to not have an amazing trip to WDW, whether it's your 1st or 51st.

Are you kidding!?! - I've been going there since 1973, and this book is one of the best! I have Birnbaum's guide, yet this guide reads like the authors are talking to the reader over a glass of wine while said reader plans the family trip. Accurate, screamingly up-to-date, an all-around informative as well as entertaining read...

This book conveniently holds everything you need to plan **your best trip** in an easy-to-reference format and easy-to-comprehend style. What makes this book stand out is its accuracy & logical conclusions. Want to know when & when not to take advantage of EMH- concisely explained. Current chart of expected wait times- right here. Honest reviews for food- not only quality but value as well, with great tips to enjoy these restaurants to the fullest. And... the famous maps with the best touring strategies (wish maps were larger so I just printed them off easyWDW's site). Any updates will be available thru the free bonus Kindle version (which you don't need Kindle to access, there are free

apps). One thing I wished to see in the book were EasyWDW's great RopeDrop diagrams. I think those are extremely useful to help people understand the layouts and traffic flows. Maybe they can be added at some point.

HANDS DOWN THE BEST DISNEY PLANNING BOOK EVER!! Detailed info about every aspect of Disney trip planning in an organized and easy to follow guide book. And the best part is their advice works - skip all the line standing and just enjoy your trip. If you're planning a trip to Disney, but this book.

This book is the most comprehensive planning guide to a Disneyworld trip you can find. It's up to date, well organized, and an easy, entertaining read. Whether you are a Disney rookie or expert you will find value in expansive information contained in this book. As a regular Disneyworld visitor, I buy it each year for myself, and as a gift for anyone who asks my advice about planning a trip to Disney. You simply can't go wrong with the info provided in this guide!

Great information for experienced visitors, as well as those planning their very first visit! It will guide you through the many steps needed to plan a successful visit, and has an easy to follow timeline of tasks to accomplish.

The Easy guide is super helpful and easy to read. I would highly recommend for first time visitors it breaks down a Disney Vacation in to bite sizes and can help a lot in avoiding unnecessary headaches. I have been to WDW a few times and still found the info interesting and helpful, the ebook is updated with all of the latest info so when Disney makes major changes it is reflected in the book! Super Great Read!
