Identical Strangers: A Memoir Of Twins Separated And Reunited

Synopsis

Elyse Schein had always known she was adopted, but it wasn't until her mid-thirties while living in Paris that she searched for her biological mother. What she found instead was shocking: She had an identical twin sister. What's more, after being separated as infants, she and her sister had been, for a time, part of a secret study on separated twins. Paula Bernstein, a married writer and mother living in New York, also knew she was adopted, but had no inclination to find her birth mother. When she answered a call from her adoption agency one spring afternoon, Paula's life suddenly divided into two starkly different periods: the time before and the time after she learned the truth. As they reunite, taking their tentative first steps from strangers to sisters, Paula and Elyse are left with haunting questions surrounding their origins and their separation. And when they investigate their birth mother's past, the sisters move closer toward solving the puzzle of their lives.

Praise for *Identical Strangers*: Winner of a Books for a Better Life Award • Remarkable . . . powerful . . . [an] extraordinary experience . . . The reader is left to marvel at the reworking of individual identities required by one discovery and then another. • “Boston Sunday Globe” [A] poignant memoir of twin sisters who were split up as infants, became part of a secret scientific study, then found each other as adults. • “Reader’s Digest (Editors’ Choice)” [A] fascinating memoir . . . Weaving studies about twin science into their personal reflections . . . Schein and Bernstein provide an intelligent exploration of how identity intersects with bloodlines. A must-read for anyone interested in what it means to be a family. • “Bustle” *Identical Strangers* has all the heart-stopping drama you’d expect. But it has so much more • “the authors’ emotional honesty and clear-eyed insights turn this unique story into a universal one. As you accompany the twins on their search for the truth of their birth, you witness another kind of birth • “the germination and flowering of sisterly love. • “Deborah Tannen, author of *You’re Wearing That?*

Customer Reviews

In this transfixing memoir, Bernstein, a freelance writer, and Schein, a filmmaker, take turns recounting the story of how each woman, at age 35, discovered she had an identical twin sister, and the reunion that followed. Despite disparate upbringings, education and work experiences, the twins share matching wild hand gestures, allergies, speech patterns and a penchant for the same art movies. Louise Wise Services, the adoption agency, will reveal only that their biological mother was schizophrenic and unaware of who their father was. Records of the study the agency conducted about them are sealed, so the authors spearhead their own research project by poring over birth records, tracking down their birth mother's brother and interviewing researchers, who claim that twins raised apart are more similar than those raised together. Much of the book is devoted to fascinating stories of other twins and triplets who, when reunited as adults, are shocked by how much they have in common with one another. Bernstein and Schein's relationship becomes extremely close and also fraught with expectation. Once you find someone, Bernstein writes, you can't unfind her. (Oct.)
