Buying your first home is an amazing experience. Itâ [™]s also a â œHoly crap, what did I get myself into?â • series of moments. Itâ ™s a huge leap of faith, significant chunk of cash and one of the most overwhelming, scary and stressful experiences ever. lâ ™ve been in the insurance business since 1996. And lâ ™ve worked with hundreds of first time homeowners, helping them insure their home and educating them about the process. lâ ™ve discovered that the majority of first time homeowners have the same questions and concerns, such as: Whatâ [™]s in a typical homeowners policy? Carrie's book is a great guide for 1st time homeowners to use both in knowing what to look for in a home and your insurance needs. As a longtime homeowner, I also found tips that were useful for me. It never hurts to re-visit this stuff. I really like Carrie's no nonsense, straight forward approach to this subject. She is down to earth with real examples. Most importantly, the book is not loaded with insurance jargon so that the lay reader is not lost but can truly use this tool. Great job for 1st time author.

A must have for any home buyer. This was written by THE INSURANCE GODDESS. I enjoyed reading this even though I am not going to be a first home buyer.

I have owned my home for the past 3.5 years and I enjoyed reading this book and learned a lot from it. I am also a Mortgage Lender and felt that it can help me answer questions for my customers that may come up in regards to their home loan. I wasn't familiar with what some of the terms meant before reading this and I hear them often!This book is clear, concise and written in "normal people" language which is refreshing!I would recommend this book for ANYONE who owns a home, looking for a new home or works in the Real Estate industry!
