# This Is Botswana

## Synopsis

This is Botswana takes the reader on an incredible panoramic journey of discovery through a land of great diversity and natural beauty, from the arid vastness of the Kalahari desert to the lush waterways of the Okavango Delta. Broad in its scope yet revealing fascinating detail about this enigmatic land, This is Botswana is a compelling visual essay on the country, its peoples and its wildlife. Over 250 stunning photographs provide an exciting and diverse overview of the country. These are complemented by a detailed introductory text that both establishes historical perspective and offers insight into the realities of a country moving hesitantly, but with hope, into a challenging future.

## Book Information

## Customer Reviews

We just returned from three safaris in Botswana, and this is a perfect book that shows what we saw. It is a great addendum to our own pictures.
