Customer Reviews

The best resource written on this topic - Period. This book should be required reading and learning for anyone and everyone who runs, leads, owns or operates a children's camp or summer camp. I have spent 35 plus years in the industry and nearly 10 years now as an expert and investigator in camp related litigation and I can honestly say if the parties in each of those situations I worked with had taken the time to read and use this great contribution from Connie - everyone would have been way the better for it!
